

Early Intervention services in our area are provided through the Sutter County Infant Program located at the Sutter County Superintendent of Schools Office. We serve both, Yuba and Sutter Counties, providing early intervention services and support to eligible infants and their families.

The period from birth to 36 months is a critical time in a child's development. While it is important to keep in mind that all children develop at their own pace, it is also important to be aware of typical developmental milestones and call for support if you have any reason for concern. It is never too early to start.

Our Mission:

The Sutter County Infant Program is committed to providing individualized services to children and families to uphold the best practices of early childhood development and education, and to promote collaboration in order to help all children reach their full potential.

The purpose of early intervention is to support families and help them understand their child's special needs. We will partner with you to recognize your child's strengths, current abilities, and we will work together with you to address your areas of concern. An Individualized Family Service Plan (IFSP) will be developed to support your child and your family as you begin this journey. We will develop an individualized set of activities (outcomes) that are designed to help your child grow and develop and we will provide you with information on community resources that may also assist your family.

Services are provided in an environment that is natural for you and your child.

For additional information about a referral, please contact the Infant Program Coordinator at:

- 530-822-2987

Upon acceptance of the referral an assessment will be completed to determine your child's eligibility for early intervention services. Your child will receive a complete developmental evaluation that will measure skills in the following 5 developmental domains:

- Fine gross and motor
- Cognitive/Play
- Social/Emotional
- Speech and Language
- Self Help

We look forward to meeting you.
